Dear

This leaves me well and hoping that it may find you and the rest of the family enjoying the same blessing. I have no news of any importance to write to you. I thought that I would start home tomorrow but have been disappointed in getting off. The District Inspector came over to inspect my Department and consequently I cannot get off until some time next week. I am very sorry that it has turned out so that I cant go home this week but it cant be helped.

Give my love to all the family & accept the same for yourself.

I Am Yours
