

Dear President Campbell,

My profound apologies for all the bad publicity I have caused you by my mimicking of you at the Paw W. I am truly sorry for the way it has been handled by the press and public. I had hoped that it would "be taken in good stride", but see evidences of where it wasn't. If I had the slightest idea it would have brought this adverse publicity to you, I never would have consented to do it. I am truly sorry for the way it has been handled and earnestly beg for your forgiveness.

Respectfully,

Jack W. Rogers

University

Dear Mr. Rogero:

I am glad to have your letter in which you express apology for the bad publicity that seemed to come from your skit at the Pow Wow. Of course I took no personal offense at the skit or your part in it. However, I have heard a great deal of criticism about it.

If apologies are in order, it would seem to me that they should go to Dean Warren.

Sincerely yours,

Doak S. Campbell
President
