

Dear Giulia!!!

Many thanks for your nice letter and card. Please excuse that I have not written for such a long time. I like it here quite well but we will only stay till April 15th. And then we go away I don't know to where. From the next place I will write to you.

What do you do for Easter. With me everything is the same, I am well and hope the same of you. Have to close now and wish you the best as always.

Very heartfelt regards Franz.

P.S. From Feliz many regards to Miss Hugette.
